"Mechanism for Performance Evaluation of Directors" (Legal Framework)

In the endeavor to safeguard the interest of public at large, the Companies Act, 2013 ('the Act') provides that the performance of the Board of Directors of Listed Companies and prescribed class of companies must be reviewed regularly against appropriate measures. For this purpose, the Nomination and Remuneration Committee of a Company has been obliged under Section 178 of the Act to formulate a draft policy for recommending it to the Board of Directors of the Company, setting the criteria, based on which the performance of each and every director including the performance of the Board as a whole shall be assessed by the Board of Directors of the Company. Based on such performance evaluation, remuneration of directors, KMPs and employees shall be determined. Such an evaluation procedure will provide a fine system of checks and balances on the performance of the Directors and will ensure that they exercise their powers in a rational manner. Relevant extracts of Section 178 of the Act reads as:

Section 178 of the Companies Act, 2013

- (1) The Board of Directors of every listed company and such other class or classes of companies, as may be prescribed shall constitute the Nomination and Remuneration Committee consisting of three or more non-executive directors out of which not less than one-half shall be independent directors: Provided that the chairperson of the company (whether executive or non-executive) may be appointed as a member of the Nomination and Remuneration Committee but shall not chair such Committee.
- (2) The Nomination and Remuneration Committee shall identify persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, recommend to the Board their appointment and removal and shall carry out evaluation of every director's performance.
- (3) The Nomination and Remuneration Committee shall formulate the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy, relating to the remuneration for the directors, key managerial personnel and other employees.
- (4) The Nomination and Remuneration Committee shall, while formulating the policy under sub-section (3) ensure that—
- (a) the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the company successfully;
 - (b) relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
 - (c) remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals:

Provided that such policy shall be disclosed in the Board's report.

(5) The Board of Directors of a company which consists of more than one thousand shareholders, debenture-holders, deposit-holders and any other security holders at any time during a financial year shall constitute a Stakeholders Relationship Committee consisting of a chairperson who shall be a non-executive director and such other members as may be decided by the Board.

(6) The Stakeholders Relationship Committee shall consider and resolve the grievances of security holders of the company.

(7) The chairperson of each of the committees constituted under this section or, in his absence, any other member of the committee authorised by him in his behalf shall attend the general meetings of the company.

(8) In case of any contravention of the provisions of section 177 and this section, the company shall be punishable with fine which shall not be less than one lakh rupees but which may extend to five lakh rupees and every officer of the company, who is in default shall be punishable with imprisonment for a term which may extend to one year or with fine which shall not be less than twenty-five thousand rupees but which may extend to one lakh rupees, or with both:

Provided that non-consideration or resolution of any grievance by the Stakeholders Relationship Committee in good faith shall not constitute a contravention of this section.

(1) The performance evaluation of independent directors shall be done by the entire Board of Directors, excluding the director being evaluated.

(2) On the basis of the report of performance evaluation, it shall be determined whether to extend or continue the term of appointment of the independent director.

INDIAN ECONOMY WITH REGARD TO COTTON & TEXTILE INDUSTRIES

India has the largest area under cotton cultivation in the world, covering 12.7 million hectares of cultivated land, which constitute about 37% of the total area under cotton in the world. India has been a major exporter since 2005-06 and is currently the world's second largest exporter. Apart from these, cotton is a major component of the Indian textiles industry, which consumes over 70% of domestically produced cotton. Cotton is an important cash crop. India is a major player in global textiles market and garments. It is one of the few nations having strong presence across the textile value chain from natural and synthetic fibers to yarn, fabrics, blends and finished products.

OVERVIEW

The Indian textile industry is the second largest sector in the country after agriculture and in 2015-16, this sector employed 51 million people directly and 68 million indirectly. The Indian textile industry is export-oriented, facing many challenges, which can be primarily attributed to sluggish global demand and lower production of Indian textile industries than global parameters as well as deteriorating global competitiveness of the domestic textile industry. Despite falling prices, exports to neighboring countries like Pakistan and export to Europe seems to rise at a steady pace. The Indian textile industry is expected to grow further.

SWOT ANALYSISSTRENGTHS & OPPORTUNITIES

India emerges as the second largest exporter after China having approximately 8% share in the global trade. The industry is taking all steps to promote textile exports, which is the need of the hour. The shift from China to India is expected to happen in the long run, to make India a dependable source of supply for the World. Your Company is exploring this opportunity as a long term impact. India's business environment is gradually becoming attractive and industry is expecting more investment in this section as many of the states are now focusing on their state policies to support textile and clothing industry. This will help them to bring in more investment from outside the state in their clusters which are suitable for textile industry.

Our core strength is Regenerated colored cotton yarn. It is in great demand in world market as well as in domestic market. Your company is a leading manufacturer of regenerated colored cotton yarn. It is expected that scope of regenerated yarn will continue to grow further.

WEAKNESS AND THREATS

India has enough potential to double its market size in the long run. Yet, increasing competition from countries like Bangladesh, Vietnam, Pakistan and Sri Lanka due to favorable tariff structures on exports to developed markets like the US, EU, Canada, Australia, etc poses a significant challenge to Indian exports. Volatility in foreign currencies/dollar prices, fluctuation in demand from overseas market are also considerable factors in textile business.

- ④ Continuous increase in input cost such as labour, power, raw materials are some of the main factors which affect the profit margins. Further shortage of skilled manpower, is also major area of concern for textile industries.

FUTURE OUTLOOK

Since the government is keen to provide boost to investments in different sectors through its 'Ease of doing business' mission and policies, it is a long term initiative which will finally improve the GDP in coming years while increase in foreign exchange. It is expected that this shall drive investment and further growth in the textile industry as well. GST is also one of the important step in this direction which will encourage investors to take up the projects in states where they feel suitable. GST will unify the geographically and administratively fragmented India's domestic market. GST is expected to create level playing field for all sub-sectors of textile including cotton and MMF. It is expected that this will bring uniformity in taxes across all fibers of textiles.

HISAR SPINNING MILLS LIMITED

The fundamental strength of your Company flows from its strong production base of regenerated colored cotton yarns/man-made fibers like polyesters etc. The Company has a robust framework for providing quality products at competitive prices by ensuring proper timeline.

INTERNAL CONTROL SYSTEM

A strong internal control is pervasive in the Company. The Company has a well established framework of internal control in all areas of its operations, including suitable monitoring procedures, competent and qualified personnel. The Internal Audit department also assesses the opportunities for improvement in business processes, systems and controls, provides recommendations, designed to add value to the Company. In addition to statutory audit, the financial controls of the Company at various locations are reviewed by the Internal Auditors, who report their findings to the Audit Committee of the Board. The Audit Committee actively reviews the adequacy and effectiveness of internal control system and suggests furthering strengthening the same, if so required. The Committee meets to review the progress of the internal audit initiatives, significant audit observations, planning and implementation of follow up action required. The Company conducts its business with integrity and high standard of ethical behavior and in compliance with the applicable laws and regulations that govern its business.

POLICY ON PREVENTION OF SEXUAL HARASSMENT AT WORKPLACES

The Company has zero tolerance for sexual harassment at workplace and has adopted a Policy on Prevention of Sexual Harassment at Workplace in line with the provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. The Management of the Company has also constituted Internal Complaint Committees at its workplaces to consider and redress the complaints of Sexual Harassment. During the year under review, the Company has not received any complaint on sexual harassment.

RISK MANAGEMENT FRAMEWORK

Business risks exist for every Company having national and international exposure. Your Company also faces some such risks, the key ones are unfavourable raw material price, financial & liquidity & unexpected changes in regulatory framework. To ensure long-term success, it is therefore essential that risks be effectively identified, analyzed and then mitigated by means of appropriate control measures.

We have a comprehensive risk management system/policy in place, which enables us to assess, mitigate and to monitor the different risks exposed to the industry in which the Company operates and to take the appropriate action, where ever required.

HEALTH AND SAFETY MEASURES

The Company has health and workplace safety programs in place and has established policies and procedures aimed at ensuring compliance with applicable laws/legislative requirements. The Company believes that the health and safety of the workers and the persons residing in the vicinity of its plants is fundamental to the business. Commitment to the identification and elimination or control of the workplace hazards for protection of all is utmost importance.

HUMAN RESOURCES AND INDUSTRIAL RELATIONS

The permanent employee strength of Company as on 31st March 2017 was Sixty Six. The Company recognizes the importance and contribution of its human resources for its growth and development and is committed to the development of its people. The Company has been adopting methods and practices for Human Resources development. With utmost respect to human values, the Company continues to develop its human resources, through appropriate trainings, workshops, motivation/leadership techniques and employee welfare activities at regular intervals.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT
**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of section 143 of the
Companies Act, 2013 ("the Act")**

- 1 We have audited the internal financial controls over financial reporting of Hisar Spinning Mills Limited ("the Company") as of 31st March, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

- 2 The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

- 3 Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
- 4 Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- 5 We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

HISAR SPINNING MILLS LIMITED

Meaning of Internal Financial Controls over Financial Reporting

- 8 A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

- 7 Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

- 8 In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

HISAR SPINNING MILLS LIMITED

Notes to financial statements for the year ended 31st March 2017

1. Corporate identification number and nature of operations

Corporate identification number of the company is L17112HR1992PLC031621 and the company is engaged in the business of manufacturing and sale of cotton blended yarn.

2. Significant accounting policies

(a) Basis of preparation

The financial statements have been prepared under the historical cost convention on accrual basis of accounting and in accordance with accounting principles generally accepted in India and comply with the accounting standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013.

All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash or cash equivalents, the company has ascertained its operating cycle as twelve months for the purpose of current - non current classification of assets and liabilities.

(b) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting year end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

(c) Revenue recognition

Revenue is recognised only when it can be reliably measured and is reasonable to expect ultimate collection. Revenue from sale of manufactured goods and sale of waste is recognised on transfer of all significant risks and rewards of ownership to the buyer which coincides with dispatch of goods to the customers. Revenue from sale of manufactured goods and sale of waste is disclosed net of returns, if any.

Export sales are accounted on the basis of date of Bill of lading. Export benefits are accounted for on accrual basis.

(d) Employee benefits

(i) Short-term employee benefits

Short-term employee benefits are recognised as an expense at the undiscounted amount in the statement of profit and loss of the year in which the related service is rendered.

(ii) Defined contribution plan

The contribution to provident fund and pension fund and employee state insurance are considered as defined contribution plans and are charged to the statement of profit and loss as they fall due, based on the amount of contribution required to be made.

**(iii) Compensated absences**

Based on the leave rules of the company, employees are not permitted to accumulate leave. Any unavailed privileged leave to the extent encashable is paid to the employees and charged to the statement of profit and loss for the year.

(iv) Defined benefit plan - gratuity

Liability for gratuity is provided through a policy taken from Life Insurance Corporation of India (LIC) by a trust formed for the purpose. The net present value of obligation towards gratuity to employees is actuarially determined as at the balance sheet date based on the Projected Unit Credit (PUC) Actuarial Method. Actuarial gains and losses are recognised in the statement of profit and loss for the year.

(e) Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. The cost of an item of property, plant and equipment comprises of its purchase price, including import duties and non-refundable purchase taxes and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation on property, plant and equipment has been provided on diminishing balance method (written down value method) in the manner and over the useful life of the assets prescribed under Part 'C' of Schedule II to the Companies Act, 2013 except for certain items of plant and equipment having gross carrying amount of ₹ 1017924/-, where the management estimates the life as 3 years based on internal assessment and independent technical evaluation carried out by external valuers. The management believes that the useful life of 3 years for the said assets best represent the period over which the management expects to consume future economic benefits embodied in these assets through its use. Hence the useful life of these assets is different from the useful life as prescribed under Part 'C' of Schedule II to the Companies Act, 2013.

Depreciation methods, useful lives and residual values are reviewed at each financial year end.

Advances paid towards the acquisition of property, plant and equipment outstanding at the balance sheet date are disclosed as 'capital advances' under other the note of 'Long-term loans and advances' and the cost of property, plant and equipment not ready for their intended use before such date are disclosed under 'Capital work-in-progress'. Subsequent expenditure relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognised in net profit in the statement of profit and loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognised in the statement of profit and loss. Assets to be disposed off are reported at the lower of their carrying amount and net realisable value.

(f) Impairment of assets

At each balance sheet date an assessment is made whether any indication exists that an asset has been impaired. If any such indication exists, an impairment loss i.e., the amount by which the carrying amount of an asset exceeds its recoverable amount is provided in the books of account. Recoverable amount is the higher of an asset's net selling price and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value on an appropriate discount factor.

HISAR SPINNING MILLS LIMITED

(g) Earnings per share

Earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

(h) Inventories

Inventories (other than saleable waste) have been valued at lower of cost and net realisable value. However, raw materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The cost of inventories comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. The cost in respect of different classifications of inventories is computed as under:

- in case of raw material, stores and spares, diesel and packing material at first-in-first-out (FIFO) cost method plus direct expenses.
- in case of work-in-progress at raw material cost (determined on FIFO cost method) plus appropriate portion of conversion cost and other overheads incurred depending upon the stage of completion.
- in case of finished goods at raw material cost (determined on FIFO cost method) plus conversion cost, packing cost and other overheads incurred to bring the goods up to their present location and condition.

Saleable waste has been valued at estimated net realisable value.

(i) Effects of change in foreign exchange rates

(i) Foreign currency transactions are initially recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and foreign currency at the date of the transaction.

(ii) At each balance sheet date foreign currency monetary items are reported using the closing rate. In case of monetary items, which are covered by forward exchange contracts, the difference between the rate on the date of such contract or the date on which underlying asset or liability is created against forward exchange contract, as the case may be, and the year end rate is recognised as exchange difference. The premium or discount arising on such forward exchange contracts has been recognised over its life from the date of such contract or the date on which underlying asset or liability is created against such contract, as the case may be.

(iii) Exchange differences arising on the settlement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expense in the year in which they arise.

(iv) In case of forward exchange contracts for firm commitments or highly probable forecast transactions, the pricing period of which extends beyond the balance sheet date, keeping in view the principle of prudence as enunciated in AS - 1, "Disclosure of Accounting Policies", suitable provision is made for likely loss, if any in respect of such outstanding derivative contracts at the balance sheet date by marking them to market.

(j) Government grants

Government grants related to revenue have been deducted from related expense which they are intended to compensate. Government grants of the nature of promoters' contribution have been credited to Capital Reserve and treated as part of Shareholders' fund.

(k) Cash flow statement

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using the indirect method. Under the indirect method, the net profit or loss is adjusted for the effects of:

- (i) transactions of a non-cash nature;
- (ii) any deferrals or accruals of past or future operating cash receipts or payments; and
- (iii) items of income or expense associated with investing or financing cash flows.

(l) Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that takes necessarily substantial period of time to get ready for intended use. All other borrowing costs are recognised as an expense in the statement of profit and loss.

(m) Tax expense

Tax expense comprises current and deferred tax. Provision for current tax is made in accordance with the provisions of Income-tax Act, 1961. Deferred tax resulting from timing differences between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods is accounted for using the tax rates and laws that are enacted or substantively enacted as on the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. However, deferred tax assets arising on account of brought forward losses and unabsorbed depreciation are recognised only when there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised.

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in the Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT credit entitlement. The company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that company will pay normal Income Tax during the specified period.

(n) Segment reporting

The company operates only in one business segment viz., 'yarn' which is the reportable segment in accordance with the requirements of Accounting Standard (AS) - 17 'Segment Reporting' specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014.

(o) Provisions, contingent liabilities and contingent assets

Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources and when the amount of the obligation can be reliably estimated. Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are neither recognised nor disclosed in the financial statements. Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.
